

# Suffolk Digital Cinema Network

---

## Annual report 2009-10

### 1

---

#### Chairman's report

During the last few months I have had the opportunity to correspond with many colleagues who are members of the Network. This dialogue has been in connection with our plans for a Festival of Archive and Classic Films in the coming autumn.

I have been very encouraged by the shared enthusiasm and resilience to difficulties we all experience from time to time. It is clear that we all run our films with the same commitment to our audiences, but there are many different ways of doing it.

Last year I mentioned that it was important for the Network to maintain its connection with Suffolk's local authorities as we have received considerable financial support from them over the years. For the moment we are in a good position to maintain the four sets of equipment but, with the inevitable cuts that all local authorities will be making, future funding may present problems. It is, therefore, very encouraging to hear of several communities that have been able to buy their own equipment, with Awards for All grants, and this is something I would certainly encourage whenever possible.

At the same time, I hope all groups will remain members of the Network so that new initiatives, and events such as our project with the East Anglian Film Archive, can continue to be shared across Suffolk. There is the added advantage that if you experienced a breakdown with your own equipment you would be able to contact Trevor and be able to access the Network's kit free of charge, providing it was available.

On behalf of the Network may I express our gratitude to Trevor, who runs the website, gives the training sessions and provides technical support to members. Also to Helen and Lizzi, our treasurer and secretary and all members of the committee. We meet at approximately three-monthly intervals and new members for the committee are always welcome.

### **Secretary's report**

As in previous years I am delighted to report that the network continues to thrive and there is a steady flow of interest from communities in Suffolk wishing to enhance activity and bring entertainment to their villages.

This past year, with the data that has been submitted, there have been 213 film screenings with a dizzying array of film titles to suit all tastes. Where else in the country would you find a small village sitting down to the delights of classic British cinema with such films as *My Fair Lady* and *The Red Shoes* but also the latest home grown triumphs such as *Slumdog Millionaire* and *Bright Star*. There is also a keen interest in films that to some may appear 'too difficult' or 'controversial'. Titles such as *In Bruges*, *Jules and Jim*, *Frost/Nixon* and *An inconvenient Truth* are evidence that the best of challenging cinema is keenly sought after in our rural communities.

It will come as no surprise to anyone now to learn that next year and probably a few more to come will be extremely difficult financially for local government and therefore funding for projects such as these will be under review. I would encourage every member of the Network to champion this project when and where they can and work actively to secure its future sustainability. This project is a good news story for the communities of Suffolk and the volunteers who make it happen deserve the best of accolades.

## 3

---

### **Treasurer's report**

This report covers the year to 31 March 2010. During this year we received a further Revenue grant from Forest Heath District Council in the sum of £500.00, and would like to thank the Council for their continued support of the Network. The total Revenue grants received to date are £16,405. Capital grants remain at £38,989.

The remaining Capital Grant from Awards for All of £528.41 will be spent next year upgrading the frames.

As with previous year, the main annual expenses of the Network are the insurance premium, training of new members and equipment upkeep. In addition to the Revenue grant mentioned above the Network receives income from members' subscriptions, and as you will see there is an overall shortfall in the year of £1,126.06. The Network will apply for further Revenue funding from District Councils to try and reduce any shortfall next year.

Accounts Summary
